

Amana Takaful Introduces ‘Revolution On Wheels’

- Provides Unprecedented Benefits to Three Wheel and Motor Bike Owners

Coming in to the picture 17 years ago (in 1999), fulfilling a long felt need for an ethical, participative and inclusive model for protection and indemnity, Amana Takaful revolutionized the insurance industry with the introduction of ‘Takaful’ Insurance, which shifted the focus of ‘benefits’ from the company to the customer. Stemming from a concept steeped in tradition that has endured for over a thousand years, rooted in the principles of Transparency, Mutuality and Trust and steadfast in their attitude of Equality (“Open to All”), Amana Takaful has made a considerable impact on the industry, redefining the way insurance is looked at.

Living up to their standard of Mutuality and reaffirming their attitude of Equality (“Open to All”), Amana Takaful has revamped and launched their solutions for Motor Bikes (Smart Rider Cover) and Three Wheelers (TukTukFull) under the theme ‘The Revolution on Wheels’, providing unprecedented benefits and considerable relief to Motorcycle Riders and Three Wheel Drivers.
